Benefits of treatment for cellulite treatment:

- The existence of few side effects due to the action of the ozone is localized and has no systemic action.
- It is a great choice for any time of the year, it is a treatment that provides more rapid effect due to the direct application of ozone on site to be treated;
- Promotes loss of 1 to 3 centimeters of fat to each session.
- Helps eliminate sagging, and cellulitis.

Award Winning Brazilian Cosmetic Surgeon with Great Reviews for His Courses

"Best Ozone Meeting Yet!" CB

"Thank you...so exciting to learn of the many ozone uses" Barbara Tritz

"Nicely done! Great conference and the company not bad either!" Matt
