

Cherry Ridge High Power Rifle High Power League 50 shot National Match Course

Costs: Individual Match cost: \$10.00

One time League due: \$10.00

Paid at first Match attending. This means you can join the league on the 1st to 6th match of the season.

Contact Information: Scott Gordon at highpower@anjrpc.org or 973-979-2027

Dates: Match Seminar - March

League runs April to September with a Rain date reserved in October.

Please see ANJRPC Range Schedule for exact dates and updates -

http://www.anjrpc.org/?page=Range_schedule

Time: Squading begins at 8:00am (Relay pairing and Target assignments)

1st relay Prep time starts at 8:25am

Shooting begins at 8:30am

Shooting ends between 3:00-4:00pm

Affiliations: Open to the public. NRA membership, not required, but recommended

Classifications: NRA/CMP classifications are used.

New shooters will shoot as "Unclassified" and scored in the Master's class until they have logged 240 shots in a temporary log book and/or receive their classification from the NRA.

Minimum Equipment Required:

- Any center fire Rifle
 - with iron sights (Match or Service Rifle**)
 - Service Rifle with scope – magnification of 4.5X and a maximum objective lens of 34 mm
 - Match Rifle with scope – unlimited magnification and no limitation on objective lens size
- Eye Protection
- Ear Protection
- (2) 5 round Magazines or (2) 10 round Magazines (this will depend on Match or service rifle**) due to NJ laws & the difficulty with owning/having 20rnd mags we allow the use of 10rnd mags for the matches.
- Ammunition - 58-80 rounds
- Scope or Binoculars
- Chair (optional)

Advanced Shooters Equipment:

- All of the above plus
- Shooting Mat
- Shooting Jacket
- Shooting Glove(s)
- Shooting Stool
- Shooter's Data Book (optional)

Match Description:

The National Match Course follows NRA/CMP rules.

The 50NMC (League) will run as 4 relays.

Course of fire is:

Stage 1: Slow fire @ 200yds, 10 rounds in 10min – offhand (standing position, no slings)

Stage 2: Rapid fire @ 200yds, (1) string of 10 rounds in 60secs – sitting position

(requires a reload during the course of fire)

Stage 3: Rapid fire @ 300yds, (1) string of 10 rounds in 70secs – prone position

(requires a reload during the course of fire)

Stage 4: Slow fire @ 300yds (simulated 600yrd target), 20 rounds in 20min – prone position

** you will need to consult the NRA/CMP rule book for an exact ruling of a Service Rifle vs a Match Rifle, but in a brief description:

A Service Rifle must have the same exterior silhouette as a standard issued US military rifle. (some internal modifications are allowed). [ie: M16 (A2 or A4), M14 (M1A), or M1 (Garand)]

A Match Rifle is any other rifle in any caliber, but must have iron sights.

Space gun (match rifle) is usually an AR based rifle with a fully adjustable stock and iron sights.
