My Sub-accounts

Your family members, or "sub-accounts" may include only your spouse or Significant Other, and your minor children.

The form suggests an email address as an identifier. This is ideal, but an email address may be used as an identifier by only one person. If the person you wish to add as a sub-account does not have his own email address, please generate a unique identifier, combining, as an example, his name, house number and pet's name: "john327rover".

When you have finished signing in, each of your family members should sign in, using their identifier, and complete their information. If this is not done they will not receive a Range Pass or Membership Card.

[Redacted] currently has 6 seats, 6 of which are available.

[Activate all available seats](#)

You can create a new sub-account by completing the registration process or attaching an existing member to your account. Please be aware that the process will automatically sign you out.
