### Thank you to Rotor Clip, ATMAE's newest Corporate Member!

[Rotor Clip](#) is the global leader in the manufacture of Tapered Section Retaining Rings, Constant Section Retaining Rings, Spiral Retaining Rings, Wave Springs, and Self-Compensating Hose Clamps. ATMAE greatly appreciates your generosity!

Your Input is Needed  
for the 2015  
Haig Vahradian

### Ask Your Company to become a Member of ATMAE

You've been committed to ATMAE. Maybe it's because you joined as a student, were involved in robotics or our other tech challenges. Maybe you have your certification and you want to keep it active. Whatever the reason, you have demonstrated your commitment to ATMAE. Did you know that it's possible to have your membership paid for by your company?

ATMAE now has corporate memberships. Why would your company want to join? A recent Manufacturing Institute/Accenture Study showed that companies across America are losing up to 11% in earnings because of the shortage of trained labor. As baby boomers continue to retire these numbers will only continue to get worse. ATMAE has been providing technical training to thousands of future workers across the country for almost 50 years.

Corporate Membership at the partner level, \$2,000, buys membership up to 20 members of your company, provides membership in the National Industry Advisory Council, large ads in our newsletters, a conference program ad, access as a member to our job board, and much more. If your company is interested in having a booth and meeting with over a 100 of the nation's best students face to face, a Benefactor Membership of \$3,500 will take care of that plus everything else and more!

The benefit of working with ATMAE as a corporate member is that we will try to tailor your ATMAE experience to your needs. Help your company find the future talent it needs to grow. Check out our [corporate prospectus](#). Share it with your boss or HR Department. If you have any questions, please feel free to call John Hausoul at 630.433.4514 or email him at [john@atmae.org](mailto:john@atmae.org).

### ATMAE Announces Corporate Sponsor Opportunities for the 2015 Conference

ATMAE is an exciting professional association with more than 1,000 innovative members who share technology, management and applied engineering ideas, research, and applications that positively impact the future. Since 1967 ATMAE

## Technology Student Challenge

During the [2015 ATMAE Annual Conference](#), students from across the country will convene to take part in the annual Haig Vahradian Technology Student Challenge. In an effort to update the 'jeopardy' style questions and answers, ATMAE is looking for professionals in all disciplines who are interested in writing questions for this game. Please forward your TECH challenge questions and answers to Student Division President, Dr. Heshium Lawrence at [hlawrence@uttyler.edu](mailto:hlawrence@uttyler.edu).

This is a great opportunity to keep your future workforce abreast on current trends and terminology as well as aid in their development of Technology, Management, and Applied Engineering. Thank you in advance!

## Follow ATMAE!

members, who are college and university educators, administrators, students, and industry professionals in the United States and overseas, have been dedicated to solving complex technological problems and developing the competitive technologist and applied engineering workforce. We do this through specialized [accreditation](#) for 2 and 4-year degree programs, personal [certifications](#), an [annual conference](#), [publications](#), [awards and scholarships](#), [career center](#), a [website](#) filled with valuable content, and numerous opportunities to develop professionally.

## Why Partner with ATMAE?

By partnering with the [Association of Technology, Management, and Applied Engineering](#) at our [Annual Conference](#), you ensure contact with ATMAE's influential member base of over 500 companies, community colleges, and universities throughout the U.S. Check out the [2015 ATMAE Corporate Prospectus](#) to find out all the different ways your company can increase its visibility and support ATMAE in its mission to become the premier leader in developing technology, management, and applied engineering disciplines in academia and industry.

## Register for [ATMAE Conference](#) for Early Bird Rate!

The ATMAE Conference will be here before you know it! Join hundreds of industry and faculty professionals and students while learning about the latest in technology, management, and applied engineering.

- More than 200 presenters will discuss the latest in technology, management and applied engineering in 10 different areas.
- Listen to keynote speakers like Rodney D. Westmoreland, Sr. QA/QC Manager of Gigafactory 1, Tesla Motors. Mr. Westmoreland Jr. will share his experiences and how he got to where he is today!
- While at the conference renew old acquaintances, network with new colleagues, cheer on your favorite robotics team during the Student Robotics Competition and learn about the latest in industry technology from on-site Exhibitors.

Another benefit of [registering online](#) is that you may also renew your ATMAE membership and certificate. For more information visit the [ATMAE website](#) or contact Lisa Kennelly at [lisa@atmae.org](mailto:lisa@atmae.org) or at (630) 433-4514. !

## 2015 Excellence for Women in Technology Award Nominations due September 15, 2015

ATMAE is looking for women who are leaders and innovators and whose talents and accomplishments serve as inspiration not only for women in technology careers and education, but for all women in the workforce.

This award was created in 2011 to recognize and honor leading women in industry and education for achievement in technology. Help ATMAE recognize great potential that otherwise may go unrecognized. To nominate a woman for this award visit the [ATMAE website Awards page](#) for criteria and instructions.

For specific questions, please contact Lisa Kennelly at [lisa@atmae.org](mailto:lisa@atmae.org) or by calling (630) 433-4514.
