

2-1-1 Resource

Everyone knows to dial 9-1-1 for emergencies. You can now dial 2-1-1 for food and shelter emergencies as well as all other health and human service needs. In 2010, the Arizona Corporation Commission designated Community Information and Referral Services (CIR) as the lead agency to provide 2-1-1 services for all of Arizona. The 24/7 helpline staff can direct callers to over 37,000 services that include homeless shelters, emergency food, mental health services, self-help support groups and more. Last year, CIR provided over 1.2 million service requests for people who were seeking help to meet vital needs.
