

SUDHI BANGALORE

VICE PRESIDENT, INDUSTRY 4.0 – STANLEY BLACK & DECKER

Sudhi Bangalore is Stanley Black & Decker's Vice President of Industry 4.0. In this position, Sudhi will manage the Company's Advanced Manufacturing Center of Excellence and lead our automation efforts with technologies such as the internet of things, cloud computing, artificial intelligence, 3-D printing, robotics and advanced materials.

Prior to joining the Company in 2017, Sudhi was the Global Head of Smart Manufacturing and Industry 4.0 Solutions with WIPRO, and before that was the Global Practice Head for Industrial Automation. Sudhi also held leadership roles with technology companies such as Danaher Corporation, Siemens and Rockwell Automation.

He earned a Bachelor's in Electronic Engineering from Bangalore University, a Master's in Industrial Engineering from the University of Louisville and an M.B.A. from Kent State University.
