July 2016 Membership Bulletin

FPIN is excited to start the 2016-2017 Academic Year off with the launch of our new website!

We are happy to announce that we will be moving to a new, membership platform in August. The website will be more user friendly and provide a more individualized service for our members. The Membership Department has started sending out profile lists to programs in order to collect updated faculty and resident information for the 2016-2017 academic year. This will help us to make sure that we have the most up to date information for your program for the database of our new website. We appreciate your patience as we are making this transition.

To Kick off the Start of the 2016-2017 Academic Year FPIN is Awarding 10 Workshop Scholarships!

- A full scholarship will be awarded for an all-expense paid onsite workshop (valued at \$5500).

- (9) \$1000 scholarships will be awarded towards the purchase of an onsite workshop.
