During this training, home care supervisors and educators will learn how to use the Council's new 12-hour Mental Health Supportive Home Care Aide curriculum designed to prepare home health aides to work with individuals with mental and behavioral health conditions. Additionally, attendees will be trained on how to provide the corresponding 3-hour Supervisor's Training, 'Partners in Care'. These curricula were created and piloted thanks to a grant from the Health Care Workforce Transformation Fund. The outcomes from the testing of the curriculum will also be shared with participants.

Attendees will receive a copy of both curriculums, including the instructor's guides and student handbooks, and additional handouts required for teaching. A corresponding DVD will also be provided. Nursing and Social Work CEUs will be provided.

Cost per Participant: \$150 for Members, \$100 for each additional participant from the same agency, \$300 for Non-Members

Space for this training is limited to first 40 people to register!

If you are registered and cannot attend the training, at least 48 hour advance notice is required for a full refund.
