

KPU offers all learners opportunities to achieve success in a diverse range of programs that blend theory and practice, critical understanding, and social and ethical awareness necessary for good citizenship and rewarding careers.

**SPECIALTY SEWING EQUIPMENT TECHNICIAN – WILSON SCHOOL OF DESIGN –
Competition Number 18-11R**

The Wilson School of Design at Kwantlen Polytechnic University (KPU) has an immediate opening for a Specialty Sewing Equipment Technician on our Richmond Campus. This position is a regular full time position requiring flexible hours.

The Specialty Sewing Equipment Technician is responsible for operating and installing specialty equipment, performing routine machine maintenance and testing machinery in support of various Design programs. This position is responsible for testing and development of learning materials on production lab safety and safe use of specialty equipment.

The successful candidate will have five years demonstrated knowledge/expertise in apparel manufacturing equipment and garment construction or a combination of related training and experience. They will have demonstrated experience in monitoring student activity in a production lab environment, ensuring the safe handling of materials, tools and equipment. Extensive demonstrated experience with the safe use of machinery applicable to the apparel industry and knowledge of WCB safe work procedures for the apparel manufacturing industry.

Please forward your resume, including photocopies of post secondary transcripts, **quoting competition number 18-11R by February 8, 2018 to: employ@kpu.ca**

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
