## Who we honor

Do you know a magician who saved someone's life. Maybe a magician who did something outstanding for the community or country. Do you know a magician who served in combat and brought his magic to the troops or locals. Do you know a magician who did a USO type tour in a combat zone at their own personal risk. For many of us the answer is yes! I know magicians who fit into all these categories and more, and so do you. They do not look for personal recognition. They feel they were just doing their jobs. To us its more, we see them as having done something heroic or patriotic. We see them as having done something that is outstanding and deserves our praise and recognition. Now we can do that. The Heroism and Patriot award was created to recognize the magicians who do make a difference in the world. If you know someone who is deserving recognition , please fill out the nomination form and send it in. Don't think the other person is going to do it. Fill it out and send it in. The Heroism and Patriot Award Nomination is open to every magician worldwide. If you any problems or questions please contact me.

Thank You,

*William Gleason*
