## **IT'S TIME FOR SPRING CLEANING: FIND A PROFESSIONAL RESIDENTIAL CLEANER FOR YOUR NEEDS**

MAY 23, 2016 – COLUMBUS, OH – Spring cleaning has become a tradition for many households as you welcome spring, open the windows and rid your house of the elements that gathered during the winter. And while this work needs to be done, it might be a better decision to leave the tough cleaning to the professionals – that is, to professional residential cleaners.

Find a professional cleaner for your home using the online directory from the Association of Residential Cleaning Services International (ARCSI). ARCSI publishes a public directory that can be searched to find a residential cleaning service that brings trust, experience and professionalism to the job.

“Our members are trusted in their communities and they provide a professional service to home owners, one that is based on skill, training, experience and expertise,” said Ernie Hartong, ARCSI CEO.

At ARCSI.org, consumers can search the residential cleaning company directory – a listing of cleaning companies that are members of ARCSI. Consumers can search for companies that provide cleaning services in their community, knowing that they are trusted and respected business professionals.

Another key resource at ARCSI.org is the consumer blog ([arcsi.org/blog/](http://arcsi.org/blog/)). Members of ARCSI share their knowledge as they contribute regularly to the blog, sharing information on cleaning tips and hacks and how to find the best cleaning company for you.

Visit ARCSI.org today to take advantage of the free resources available to home owners. Your home is important to you, which is why you should only trust it to professionals.
