Post Conference Workshop

8:00-11:00 AM	5 Dysfunctions of a Team (Extended) Shelly Setzer
---------------	------------------------------------------------------

Companies that are organizationally healthy get more done in less time. They avoid losing their best people. They identify problems earlier and solve them faster. They beat rivals who waste time, money and energy fighting among themselves, which ultimately drives away good employees and customers. In this workshop based on Patrick Lencioni's bestseller, *The Five Dysfunctions of a Team*, Shelly Setzer will dive deep into the root causes of politics and dysfunction on the teams where you work, and the keys to overcoming them. In an engaging and interactive workshop, attendees will learn practical tools and insights to helping your teams become more cohesive – improving trust and your ability to engage in unfiltered, productive conflict. Attendees will walk away with a clear sense for what they can do differently – both behaviorally and operationally – that will have meaningful impact on the team's ability to succeed

11:00 AM	End of Conference
