

**RASS – MLA Subunit meeting**  
**Friday, October 11, 2013**  
**11:15am-12:15pm**

**Meeting Agenda**

1. **Ice-breaker- Introductions and craft** led by Stacey R. Hendren
2. **Cross-generational Collaboration** – PowerPoint and discussion led by Jill Smith

Do you get asked all the tech questions since you are from Generation Y, but secretly you hate ebooks? Does your library ignore your wisdom learned from trying that same initiative four times in the last ten years, when you really have a great idea to make it work this time? We rally against the stereotypes of librarians in the media, but often, we stereotype the generations working together in our libraries. Learn how to move beyond traditional thinking about the generation gap. Instead, let's create an intergenerational reference collaborative that offers the best services for all the generations that use the library. Come together to create Reference and Adult Services that ROCK!
