

# 2016 Stormwater Seminar

## Radisson Roseville

### Thursday, February 11

Advanced Drainage Systems (ADS), the leading manufacturer of high performance thermoplastic corrugated pipe and a provider of comprehensive water management solution products invites you to our 2016 Water Management Conference in the Greater Twin Cities area.

**DATE:** Thursday, February 11, 2016  
**Location:** Radisson Roseville Conference Area  
 2540 North Cleveland Avenue, Roseville, MN 55113

Expect a day of free training, food and door prizes for attendees.  
 If you've been before, come again! ADS is pleased to present on a variety of new and innovative designs to assist with your Stormwater and sanitary sewer needs.

5 PDH credits will be offered for those needing them!

If you are unable to attend but know someone that may be interested, please feel free to pass this information along!

There will be a variety of discussions by ADS staff and industry professionals on a host of relevant regional water management topics. The event will be ideal for all engineers, municipalities and contractors throughout the region!
