

National Fenestration Rating Council Bulletin

www.nfrc.org

January 21, 2015

In order for NFRC to balance the costs associated with administering the NFRC's Independent Verification Program (IVP), some fees were modified for the 2015 fiscal year. NFRC added a Small Business category for the IVP program and increased the member and non-member per product line fee.

A small business manufacturer's annual participation fee is \$500, billed by NFRC. All costs associated with testing the product and the cost to build and ship the product are the manufacturer's responsibility. Small business manufacturers do not have an annual product line fee.

All other IVP participants will be billed at member and non-member rates per the 2015 fee schedule. The annual product line rate has been increased to \$125 for members and \$175 for non-members. NFRC will only reimburse a maximum of \$500 for the cost of the sample and shipping for IVP testing.

NFRC has also taken other measures to reduce the cost to administer the IVP as NFRC laboratories fees have been reduced.

For more information, please contact [Scott Hanlon](#), NFRC Program Director, at 240-821-9519, or [Michelle Scism](#), IVP Coordinator, at 240-821-9511.

NFRC is the recognized leader in energy performance rating and certification programs for fenestration products. Visit *NFRC News Now* for the latest fenestration-related information.

Make sure NFRC is on your Approved Sender's list to continue receiving bulletins, billings and other important NFRC e-mails.
