Subject: NFRC CMA ACE Training for 2016 Scheduled – Action May Be Required

The National Fenestration Rating Council's (NFRC) Approved Calculation Entity (ACE) Training has been scheduled for Friday, March 11, 2016 from 11:00 a.m. – 1:00 p.m. EST. This training session is for those seeking approval to become an NFRC ACE. NFRC ACEs will be authorized to configure whole fenestration products and calculate U-factor, Solar Heat Gain Coefficient, and Visible Transmittance ratings using CMAST for those seeking NFRC certification in the CMA Product Certification Program (CMA-PCP). This training session will include use of the latest version of CMAST. It is required that participants download the CMAST software prior to the training session. Download instructions will be sent prior to the training session.

There will be a short review sessions during the training and an exam will be provided for aspiring ACE attendees to complete and submit after training. A Certificate of Approval will be sent to those ACE candidates who successfully pass the exam.

- This is a virtual meeting – all attendees will be participating using their own equipment. NFRC is not responsible for internet or equipment challenges.
- A high-speed Internet connection is required.
- Registration is not confirmed until payment is received.
- Space is LIMITED – please register [here](#).

For more information, please contact [Jen Padgett](#), NFRC CMA Program Coordinator, at 240-821-9515.

NFRC is the recognized leader in energy performance rating and certification programs for fenestration products. Visit *NFRC News Now* for the latest fenestration-related information.

Make sure NFRC is on your Approved Sender's list to continue receiving bulletins, billings and other important NFRC e-mails.
