

National Fenestration Rating Council Bulletin

www.nfrc.org

January 5, 2016

Subject: NFRC – Technical Bulletin 2016-01 (Information Only)

This bulletin is a notification of a couple of published NFRC technical documents that may be used immediately.

Item 1: [NFRC WINDOW 7/THERM 7 Simulation Manual \(January 2016 Version\)](#)

This recent version includes a new section added to Chapter 8 for environmentally controlled dynamic glazing (See section 8.20). Training will be announced soon to instruct simulators on the process for using this glazing in fenestration for NFRC certification.

Item 2: [NFRC 101-2014 E0A15](#)

Revisions were completed to Appendix C of NFRC 101. BASF revised one material and added another. Tremco is a new participant and they added one material. Please be aware that materials not listed in NFRC 101 shall not be used for product certification. NFRC members may access the document directly from the link above; non-members may access the document via the [NFRC Technical Document](#) page.

If you have any questions concerning the information in this *NFRC Technical Bulletin*, please contact [Dennis Anderson](#) at 240-821-9514.

NFRC is the recognized leader in energy performance rating and certification programs for fenestration products. Visit *NFRC News Now* for the latest fenestration-related information.

Make sure NFRC is on your Approved Sender's list to continue receiving bulletins, billings and other important NFRC e-mails.
