**Subject: NFRC – Plant Audit Feedback (Action Requested)**

The CPC is seeking input for modifications to the NFRC 702, Plant Audit Requirements.

At the request of the NFRC Board, pursuant to NFRC Licensees expressed concern, the Certification Policy Committee (CPC) reviewed the requirements of the NFRC 702 previously approved during the August 2015 Board Meeting, for Inspection Agencies' conducting audits at a Licensee's plant location. The CPC understands that plant audits affect the licensees and are requesting a period of review and comment by all NFRC Licensed Participants prior to the CPC's submittal to the Board. The comment period will be open through **October 31, 2016**.

[Submit comments HERE.](#)

Comments are welcomed by all NFRC Licensed Participants in the NFRC 700 program, including but not limited to Certification Managers, Quality Managers, Production Managers; Quality Auditors, and Plant Managers. Inspection Agencies, Laboratories and NFRC Members are welcome to submit comments to the survey.

If you have any questions concerning the modifications, please contact [Sherri Wendt](#) at 240-821-9516.

NFRC is the recognized leader in energy performance rating and certification programs for fenestration products. Visit *NFRC News Now* for the latest fenestration-related information.

Make sure NFRC is on your Approved Sender's list to continue receiving bulletins, billings and other important NFRC e-mails.
