### **Item 1: Application for a Request for Exemption or Extension**

The National Fenestration Rating Council has adopted a process to provide relief to Product Certification Program Participants; when conditions or activities outside of their control impacted their ability to meet program requirements.

This process entitled “Request for Exemption or Extension” (reference [NFRC PCP Bulletin 2010-04](#)) has increased the administrative burden on staff; especially for requests related to IGU certification requirements (*Note: IGU Certification requirements go into effect July 1, 2010*).

In order to help offset the new financial burden, the Board of Directors has approved a \$250.00 fee for any application for a Request for Exemption or Extension. This fee will go into effect on June 1, 2010. The NFRC 704-2010 (Fee Schedule) will be published on the NFRC website by June 1, 2010 to reflect the newly adopted application fee.
