Upon publication, this document can be used immediately. Item 2 provides additional information regarding the requirement to display the Full CPD Number on the label.

Item 2: Reminder: Implementation of the Full CPD Number

This is just a reminder that during the Spring 2011 Committee Week in Las Vegas, NV, the Board approved delaying the requirement for NFRC program participants to place the full CPD number on the temporary label to an implementation date of July 1, 2012.

The decision to push back the implementation date was based on shareholder feedback from the Full CPD Number survey. The Board understands this requirement will take time to implement and the new implementation date should provide additional time to adjust the labeling processes accordingly.
