

National Fenestration Rating Council Bulletin

www.nfrc.org

July 1, 2013

Subject: NFRC – Technical Bulletin 2013-07 (Information Only)

This bulletin announces the publication of a revision to the [NFRC 101: Procedure for Determining Thermophysical Properties of Materials for Use in NFRC-Approved Software Programs](#).

The revised standard has been published and may be downloaded by clicking on the document name. Non-NFRC members may access the documents by [clicking on this link to the Technical Documents page on the NFRC website](#).

Following required National Fenestration Rating Council (NFRC) procedures, NFRC's thermophysical property peer review group has accepted new materials for inclusion in *NFRC 101, Appendix C-Manufacturer Specific Material Properties*. The new thermophysical material properties are available immediately for use in NFRC approved simulation software. This document and its addendum log may be found on the Technical Documents page of the NFRC website.

If you have any questions concerning the information in this *NFRC Technical Bulletin*, please contact [Dennis Anderson](#) at 240-821-9514 or [Scott Hanlon](#) at 240-821-9519.

NFRC is the recognized leader in energy performance rating and certification programs for fenestration products. Visit *NFRC News Now* for the latest fenestration-related information.

Make sure NFRC is on your Approved Sender's list to continue receiving bulletins, billings and other important NFRC e-mails.

6305 Ivy Lane, Suite 140, Greenbelt, MD 20770
