

NFRC Technical Bulletin 2010-06

PROCEDURES: Technical Interpretations
DATE: November 2, 2010
SUBJECT: Publication and Implementation

This bulletin relates to publication and implementation of a revision to TI-2010-04 and approval of two new technical interpretations.

If you have any questions concerning the information in this *NFRC Technical Bulletin*, please contact Dennis Anderson at 240-821-9514; email: danderson@nfr.org or Scott Hanlon at 240-821-9519; email: shanlon@nfr.org.

Item 1: Revised Technical Interpretation, TI-2010-05 Exterior Bi-Fold (Folding Walls)

This TI was revised due to a Board of Director's Steering Committee approval to change the term Bi-fold Doors to Exterior Bi-fold Doors (a.k.a. Folding Walls).

Item 2: TI-2010-06 Custom Skylights

TIPC approved a technical interpretation request (TIR-2010-04), as a new technical interpretation, published as TI-2010-06. This TI was approved by TIPC that dealt with how to simulate and/or test various configurations of commercial custom skylights. This TI will be published into a manual later this year. For now, this technical interpretation was published and posted solely to the NFRC website and is to be used immediately.

Item 3: TI-2010-07 Entry Door with Storm

TIPC approved a technical interpretation request (TIR-2010-09), as a new technical interpretation, published as TI-2010-07. This TI was approved by TIPC that dealt with how to simulate, test, and rate configurations of entry doors with attached storm doors. This TI will be published into a manual later this year. For now, this technical interpretation was published and posted solely to the NFRC website and is to be used immediately.
