

6-30-17

E-mail sent to Ohio's APRNs regarding license renewal process which begins July 1.

The OBON is requiring that you upload a document listing your collaborating physician(s) and addresses as part of the online renewal process. We have highlighted this information below. If you do not have a collaborator at this time, you will note that on the document and upload it.

APRNs must renew this year by December 31, 2017. However, you must renew your RN license by October 31.

Reminder

CNPs, CNSs, CNMs: Be Prepared to Upload a List of Collaborating Physicians When You Renew

Section 4723.42(B)(3), ORC, requires that CNPs, CNSs, and CNMs report their current collaborating physicians or podiatrists at the time they renew. CNPs, CNSs, and CNMs must upload a list of the "names and business addresses" of their current collaborating physicians and podiatrists to complete the COA renewal/APRN license issuance process.

There is no required form to use for this reporting requirement. Please upload a list of the names and business addresses of your current collaborating physicians and podiatrists in a legible format.

If you do not have a current collaborating physician or podiatrist, upload a document stating that you have no current collaborating physician or podiatrist and no standard care arrangement at the time of renewal.

Please note that current law requires you to update your current collaborating physicians or podiatrists within 30 days of any addition or deletion. There is an exception in the event of a collaborating physician or podiatrist's death. See Section 4723.431(A) and (E)(2), ORC.
