

Oley Foundation Ambassadors: Help Along the Way

Oley Foundation Ambassadors are integral to Oley efforts. Home nutrition support consumers or caregivers themselves, these volunteers understand the challenges those requiring home IV and/or tube feeding face, and recognize the value of Oley resources and connections. Contact them with questions and concerns, or simply for inspiration.

This list of volunteers is organized by therapy, and within each therapy, alphabetical by state. Canadian and foreign affiliates are listed at the end. Additional contact information for foreign affiliates available upon request to Oley offices. HEN = home enteral nutrition/tube feeding; HPN = home parenteral (IV) nutrition; HPEN = HEN + HPN; FC = former caregiver/consumer; TR = transplant. * = contact for information about local meetings.

Please do not contact Ambassadors for solicitation, marketing, or research purposes.
