

ADDENDUM A

Potential 2017 – 2018 Leadership Action Learning Projects:

- A report detailing state psychological association best practices that could be implemented by PPA
- Development of public education materials on a topic (or topics) of psychological significance (e.g. newspaper articles, website materials, press releases)
- A review of social media sites for psychology and recommendations for increasing effectiveness of PPA social media.
- A collection of materials for psychologists beginning an independent practice
- A survey and report on social justice issues facing psychology and a proposed plan of action for PPA
- Review of common ethical complaints against psychologists
- One of your own creation
