

Proposal for a new club

Please return to Mrs. Kowalski or Mr. Mamminga

Name of the club you are proposing _____

Name of the proposer(s) _____

Have you done research into the interest for this idea? Yes _____ No _____

If YES, what have you found as an interest level for this?

Where would you like to meet and when?

Have you spoken with an adult in the building who might be interested in moderating if this club was successful?

What type of materials or supplies would your club need?

What is the number you anticipate joining this organization? _____

Keep in mind that you are responsible for building this club from the ground up. You may seek permission to hold an interest meeting in a classroom or other venue that is appropriate. If there is a solid interest, and the club generates a high level of interest after a negotiable amount of time, then the next step would be to seek out an official moderator for the following semester or school year. The club must adhere to the mission of St. Francis High School, and the activity moderators reserve the right to refuse a club request for any reason.

I have read and understand the above statement.
