SIM launched the Cybersecurity Special Interest Group (SIG) with one simple mission – to prepare our members and their organizations to meet the challenges and mitigate the risks of tomorrow’s ever changing cyber threat landscape.

Cybersecurity SIG Members:

- **Enjoy** SIG membership and events at no additional cost (included with your existing SIM membership).
- **Participate** in strategic discussions, leave with actionable take-aways.
- **Meet and interact** with industry experts, your peers and other SIM leaders.
- **Exchange** best practices with peers and thought leaders.
- **Access** our resource library for current and actionable intellectual assets.

To learn more, join our Cybersecurity SIG by registering for an upcoming event today at **[simnet.org](http://www.simnet.org)**:
