

Organisation Note – LSCAN and LSSA

Le Mans, 23 January 2015.

Dear all,

We are pleased to announce the appointment of Guillaume Loubersac as Managing Director Labosport Canada / USA.

Guillaume will manage the operations and development of Labosport across the North American region, starting as of 1st February. He will be ensuring the coordination with Labosport PTL for the laboratory testing and the site testing in Southeast US.

We are also pleased to announce the creation of Labosport South America (LSSA) and the appointment of Mickael Benetti as Managing Director at Labosport South America. Mickael will be based in Colombia and will be in charge of developing the new subsidiary from the existing customer base. He will report to me in his new role as of 1st March 2015.

I thank both Guillaume and Mickael for their strong contribution in their previous role and wish them good luck for their new responsibilities.
