

ERIC R. MYERS, MSc

SR. INDUSTRY TECHNICAL CONSULTANT,
WATER SAFETY SERVICES

Eric Myers is a Senior Industry Technical Consultant with Institutional Water Safety Services, an independent business group of Nalco Water, An Ecolab Company. Ecolab is the global leader in water, hygiene and energy technologies and services that provide and protect clean water, safe food, abundant energy and healthy environments. Ecolab's 40,000 employees deliver comprehensive programs and services to the food, energy, healthcare, industrial and hospitality markets in more than 160 countries.

EXPERTISE:

Water Safety Plans
Management Plans
Hazard Assessment
Legionella Control
Waterborne Pathogen Control
Pathogen Analytical Methodology
Disinfection Protocols
Drinking Water Disinfection
Point-of-Use Water Filtration
Emergency Response Plans
HACCP
Food Safety & Microbiology

AWARDS:

Marketing Excellence, 2015
Marketing Excellence, 2012
Chairman's Achievement Award, 2003 and 2004
Suez Innovation Trophy, 2000 and 2001
Global Research Team Award, 2000
R&D 100 Award, 1999
Global Research Achievement Award, 1999 and 1998.

Patents: 3 issued

Publications: 17

Institutional Water Safety Services is a group of subject matter experts dedicated to the mission to prevent harm from waterborne pathogens such as *Legionella* and *Pseudomonas* associated with building water systems.

Eric is a subject matter expert in the field of water safety. Eric has global responsibilities for the development of new technologies and risk reduction strategies specifically for the control and risk management of waterborne pathogens in building water systems. Eric also provides training, teaches at seminars and is a member of the ASHRAE standards committee SSPC 188¹.

Eric has over 20 years of industry experience. Before coming to Nalco, Eric served as a Staff Microbiologist for Abbott Laboratories, a global leader in the pharmaceutical industry. He developed new microbiological methods for products, environmental sampling and validation programs. He also served as Project Manager for Silliker Laboratories (A Mérieux NutriSciences Company), the world's largest private contract laboratory serving the food industry, where he managed food pathogen and shelf-life studies. Eric also served as an instructor of laboratory methods for detection of foodborne pathogens.

Eric received a master's degree in Food Science and Microbiology from the University of Illinois and a bachelor's degree in Food Science and Nutrition with emphasis in Food Microbiology from The Ohio State University. Eric is also a National Air Filtration Association (NAFA) Certified Air Filter Specialist and NSF Certified HACCP Manager.
