

Tiffany Brannon ~ SECRETARY-ELECT CANDIDATE

Hello! My name is Tiffany Brannon, M.Ed, LPC. I work as a Therapist at the Newport News Behavioral Health Center, which is one of the largest hospital management companies in the United States. I am new to Virginia after relocating here from Kentucky last year. Thank you for considering me for the position of Secretary-Elect. As a result of previous work with the Kentucky State Counseling Association (KCA), I wanted to be involved with VCA as much as possible. I am currently serving as the President of the Virginia Association of Multicultural Counseling and Development (VAMCD) division. There are two things you need in your next secretary elect: (1) someone who is reliable, and (2) a responsible member that can contribute to VCA productively. I am able to carry out the specific duties of secretary. I am a proven leader and able to function as a member of the Executive Committee. My strength is the ability to multitask and prioritize to get things done effectively and efficiently. I have

served on the KCA Board of Directors since 2015 and my leadership roles within KCA have included President of the Kentucky Association of Multicultural Counseling and Development(KAMCD) (2014-2016). I was an essential support to this division, creating multicultural competencies, increasing membership, creating workshops and trainings, and participating in board meetings with the Kentucky Counseling Association executive board. In 2015, I was awarded the KCA Graduate Student of the year, and participated in engaging graduate student involvement. I have presented for the Kentucky Counseling Association annual conference, the Virginia Counseling Association Conference, workshops, professional developments and other regional and national conferences. I have held other leadership positions included but not limited to being President of the University of the Cumberlands Chi Sigma Iota Honors Chapter. As a result, I am able to act in the role of secretary. My vision for VCA is an organization that sets the professional standard for the counseling profession in the state of Virginia as a model for all professional counselors, educators and supervisors through our actions! Our role as a state counseling association is to set the standard and model for others how things should be done effectively and efficiently through social justice, advocacy, mentorship, workshops, supporting each other and much more. The opportunities are endless. Let's continue to make this an awesome organization members want to share with others about and be actively involved in!
