CT DELEGATION

3 WAYS TO REGISTER: > ONLINE AT WWW.WICHIRO.ORG. > COMPLETE THIS FORM AND SUBMIT BY MAIL OR FAX. > CALL US AT 608-256-7023.
FIND A COMPLETE LIST OF CLASSES, DESCRIPTIONS, DATES, LOCATIONS, CE INFORMATION AND LAST-MINUTE UPDATES AT WWW.WICHIRO.ORG.

ABOUT THE CLASS

This series of classes is for Chiropractic Technicians (CTs) seeking initial certification or for CTs seeking continuing education hours. CTs who are taking this for initial certification need to take the sessions related to the duties they will be performing in office.

Please note Physiological Therapeutics Overview is a prerequisite for Thermotherapy/Cryotherapy, Electrotherapy, Ultrasound and Traction/Mechanical Therapy.

Coffee, meals and snacks will be available for purchase in the cafeteria, which is next to the conference center.

ABOUT THE INSTRUCTOR

Brenda Holland, DC, DICCP, is a graduate of Palmer College of Chiropractic. Since graduation, she has served on chiropractic and community boards and committees. Dr. Holland has been actively teaching courses including anatomy, x-ray positioning, nutrition and therapy modalities. She has an advanced degree in pediatrics and pregnancy and is currently in active practice in Germantown.

**Aurora
Health Care**

Presented in partnership with Aurora Health Care.

Friday July 28, 2017

CHIROPRACTIC PRINCIPLES

1 CE | 12pm to 1pm

This course will discuss the basic premises of chiropractic including a brief history, healthcare integration, general chiropractic treatment, and introduction to common conditions.

PATIENT HISTORY

4 CE | 1pm to 5pm

Required for CTs who take any patient history outside the presence of the chiropractor. The subjective portion of the S.O.A.P. note format (Subjective, Objective, Assessment and Plan) will be taught. This method is part of a system or organizing the patient record called the "problem oriented record." The S.O.A.P. format is the most widely used type of documentation in the health care industry. Please bring 2 copies of the following office forms if you use them: > Patient Intake Form > History/Exam Form > Daily Note Form > Update Form

PRELIMINARY PHYSICAL EXAMINATIONS

3 CE | 5 PM to 8 PM

Course required for CTs involved in the preliminary chiropractic examination. Includes obtaining vital signs—patient's height, weight, temperature, blood pressure, and noting other physical characteristics that do not require the use of instruments or more extensive diagnostic procedures. Attendees should bring a blood pressure cuff and stethoscope.

Saturday July 29, 2017

MUSCULOSKELETAL ANATOMY

4 CE | 8 AM to 12 PM

This course will introduce the student to basic musculoskeletal anatomy so that they can identify common landmarks, regions, and musculature treated within a chiropractic office.

PHYSIOLOGICAL THERAPEUTICS OVERVIEW

4 CE | 12 PM to 4 PM

This overview course is required before a chiropractic technician can

take any physiological therapeutic modality course. It is designed for chiropractic technicians who perform any physiological therapeutic modalities in the office. The program will also include descriptions of basic elements of various modalities. This course will feature interactive demonstrations. Chiropractic technicians are only required to take the specific modules for those therapies they plan to perform in the office. Overall the course will cover the history and concepts of chiropractic physiological therapeutics followed by: >Scope of application >The healing process >Indications of pain

THERMOTHERAPY AND CRYOTHERAPY*

2 CE | 4 PM to 6 PM

- Application
- Pack Types
- Methods & applications
- Physiological effects
- Indications & contraindications

Sunday July 30, 2017
