1000. Denial, Revocation, Suspension, or Probation

1001. An SB-RPT credential application may be denied, or APT may unilaterally - revoke, suspend or place on probation an SB-RPT credential, for one or more of these reasons:
1. Disciplinary action is taken against you by the applicable licensing authority, including but not limited to the State Department of Education, that results in the suspension or revocation of your license or certification
 2. Conviction of a crime related to the provision of school counselor or school psychological services or a crime that would adversely affect the interests, effectiveness, reputation, or image of APT
 3. Falsification, by inclusion or omission, of information on the SB-RPT application or renewal or any supporting document
 4. Failure to complete SB-RPT credentialing application or renewal requirement
 5. Representing your SB-RPT as your primary credential or mental health license
 6. Voluntary relinquishment of your license or certification
1002. If an initial or renewal application is denied because the SB-RPT applicant or designee disagrees with one or more policies pertaining to the approval of such applications, the SB-RPT applicant or designee may appeal to the CEO of APT ("CEO"). If the latter declines to grant such approval, the SB-RPT applicant or designee may ask that the CEO reconsider by consulting with the Chairs of the Board of Directors, the Ethics & Practices Committee, and/or the Registration & Continuing Education Committee regarding whether such policies should be changed. The reconsidered decision of the CEO is final.
1003. When issuing the revocation, suspension or prohibition of an SB-RPT credential, APT may identify the number of months before which the individual may reapply for or have reinstated the SB-RPT credential. In determining the number of months, APT may consider the extent of the infraction resulting in the revocation, suspension or prohibition and does not have to adhere to the time periods set forth in Section 1105 below. Subject to the review described in Section 1002 above, the decision of APT for revocation, suspension or prohibition and the time period therefore are final.

1100. Complaint Process

1101. APT may consider revoking, suspending, or placing on probation an SB-RPT credential if a complainant files a formal written complaint against one or more professionals with an SB-RPT credential with their State Department of Education or applicable licensing authority.
1. For example, if the California Department of Education has issued a license or certificate to an SB-RPT designee, then a complainant will be advised by APT to file a formal complaint with that Department.
 2. If the identity of the applicable authority is unknown to a complainant, the latter may contact APT to learn the identity of the authority upon which the SB-RPT designee's application or renewal application is based.
1102. If the formal complaint results in an adverse finding about and disciplinary action against an SB-RPT designee, the complainant may then file with the CEO a) a formal written complaint and b) a copy of the official written resolution to the complaint previously filed with the applicable licensing or certifying authority, typically the State Department of Education.
1. Complainants may themselves forward - or ask that the applicable state department of education licensing or certifying authorities forward - a copy of their resolution to the CEO.
 2. APT may take no action with respect to the SB-RPT designee against whom formal complaints are filed until its receipt of such formal written complaint resolutions.
1103. If the resolution of any formal complaint is adverse to an SB-RPT designee, then, within 10 calendar days of receipt of the resolution, the CEO shall send copies of the formal complaint and other documentation relating to the complaint, including the resolution of the licensing or certifying authority, to both the SB-RPT and the Ethics & Practices Committee.
1104. An SB-RPT may submit to the Ethics & Practices Committee via the CEO a written statement in response to the complaint, resolution, and other documents within 10 calendar days of their receipt of such from the CEO.
1105. Within 30 calendar days after receipt of the complaint, resolution, and other documents, the Ethics & Practices Committee reviews and evaluates such items and determines if the SB-RPT credential should be:
1. Maintained.
 2. Placed on probation for six (6) or 12 months with all rights and privileges.
 3. Temporarily suspended for six (6) or 12 months without any rights and privileges.
 4. Permanently revoked.

1106. Within 10 calendar days of the decision of the Committee, the CEO advises the SB-RPT designee and complainant of the decision in writing.

1200. Appeal Process

1201. The SB-RPT designee may appeal any decision made by the Ethics & Practices Committee relating to any decision made by it to revoke, suspend, place on probation, or otherwise take disciplinary action against the SB-RPT for any reason identified in Section 1100 as follows:
1. File a written request (the "Appeal Request") with the CEO within thirty (30) calendar days of receipt of the decision or other action. The Appeal Request must contain the pertinent facts, the reason for the appeal, and any other information that the SB-RPT designee desires to convey but may not re-state any matters set forth in any written statement provided to APT pursuant to Section 1100.
 2. Within 10 calendar days after receipt of the Appeal Request, the CEO shall advise the Chair of the Board to appoint an Appellate Committee comprising not fewer than five (5) licensed mental health professionals.
 3. Within 10 calendar days after receipt of such appointment request, the Chair of the Board shall appoint the Appellate Committee and notify the CEO of the appointed Appellate Committee members.
 4. Within 10 calendar days of the notice of the Appellate Committee members, the CEO shall forward to Appellate Committee these items:
 - a. Formal complaint to APT.
 - b. Resolution of initial complaint formally filed with licensing (or certifying) authority.
 - c. Response and other written statements by SB-RPT designee.
 - d. Resolution of APT Ethics & Practices Committee.
 - e. Appeal Request filed by SB-RPT designee.
 5. The Appellate Committee shall render a decision, based upon submitted documents, to the CEO within 30 calendar days of receipt of such documents.
 6. The CEO shall inform the SB-RPT designee of the Appellate Committee decision in writing within 10 calendar days of receipt thereof. The decision of the Appellate Committee is final.
