

Join the International Veterinary Acupuncture Society & the Australian Veterinary Acupuncture Group

For the 43rd annual Congress in the

LAND DOWN UNDER!

August 23-26, 2017

“IVAS has been setting the global standard in veterinary acupuncture since 1974”

Come join the 43rd annual IVAS International Congress being held for the first time ever with the Australian Veterinary Acupuncture Group in Cairns, Australia. If you have never attended an IVAS Congress before; now is the time to do so!

One of the greatest strengths of the IVAS Annual Congress on Veterinary Acupuncture is the talented and diverse audience that it attracts from around the world. Veterinarians with backgrounds in veterinary acupuncture, Traditional Chinese Veterinary Medicine (TCVM), integrative veterinary medicine, veterinary chiropractic, university educators, students, researchers, and other veterinary services will travel to this event from around the world. Every attendee and every speaker brings with him/her a unique background and experience. We come as much for the renewal of our spirit and the networking opportunities as for the superior information sharing.

This invigorating Congress, which brings together the best hearts and minds, features a Keynote Speaker, Speakers of Special Interest, Speaker Tracks, Poster Presentations, Wet Labs, Exhibitors, Welcome Reception, and a Gala Banquet with fun and dancing. This Congress presents a broad overview of the very latest scientific information, cutting edge discoveries and insightful uses in everyday clinical practice.

Joining this year's Congress provides an opportunity to enhance your knowledge and skills and the time to network with colleagues. The spirit, energy and commitment of the IVAS members are what make the IVAS Annual Congress such an exceptional event.

We look forward to seeing you!
