Bridging the Acute Care Gap:
Advancing Acute Care Physical Therapy Education and Educators

A Focus on Best Practice in Acute Care Education

May 18-20, 2018
University of Indianapolis
Dear Colleagues,

The Academy of Acute Care Physical Therapy (AACPT) is making great strides to advance the preparation of students and clinicians to meet the needs of patients with acute medical conditions. At the same time, there are limitations in acute care clinical placements for students, absent or limited acute care education within academic programs, a limited presence in the education arena, and a need to grow residencies and fellowships that address acute care physical therapy. AACPT identified these voids and created the Education Task Force to address the disparities between the classroom and the clinic.

Developed by the AACPT Education Task Force, this conference will provide strategies and skills to overcome these challenges. Our hope is that it will grow the number of clinicians and educators who are prepared to advance acute care physical therapy in our clinics, in our academic environments, and in society.

Participants in this conference will learn about developing resources for improving the academic and clinical preparation of PTs and PTAs, strategies to elevate acute care practice within your community, and will improve their skills for didactic and clinical education with tangible strategies for implementation in academic and clinical settings.

I hope you will join me May 18-20 in Indianapolis as we work together to advance acute care physical therapy education. Together, we can help improve our specialty to create the best patient outcomes possible.

Sincerely,

Kristin Curry Greenwood, PT, DPT, MS, GCS
Academy of Acute Care Physical Therapy Education Task Force Chair
## Schedule at a Glance

**Friday, May 18, 2018**
- 1:00 p.m.-2:00 p.m.: Registration
- 2:00 p.m.-3:30 p.m.: Welcome and Introduction
- 3:30 p.m.-3:45 p.m.: Break
- 3:45 p.m.-5:00 p.m.: Keynote Speaker
- 5:00 p.m.-7:00 p.m.: Wine and Cheese | Poster Reception

**Saturday, May 19, 2018**
- 7:30 a.m.-8:15 a.m.: Breakfast
- 8:15 a.m.-10:15 a.m.: All Workshop Attendees: Teaching Strategies to Enhance Acture Care Clinical Reasoning Across the Continuum
- 10:15 a.m.-10:30 a.m.: Break
- 10:30-11:30 a.m.: Attendees Split into DPT or PTA Track Roundtables
  - **DPT Track Lecture:** Examining Entry Level Competencies in Acute Care Education Using PT Entry Level Documents
  - **PTA Track Lecture:** Examining Entry Level Competencies in Acute Care Education Using PTA Entry Level Documents
- 11:30 a.m.-12:30 p.m.: Breakout Session | Working Groups
  - **Option 1:** Working Session: Develop a plan for integrating at least one new method of delivering acute care content from the earlier presentation into your program (academic curriculum or clinical program)
  - **Option 2:** How to Enhance Your Program Outcomes in Relation to CAPTE Criteria
  - **Option 3:** The Unique Challenge for the Small Faculty in PTA Programs
- 12:30 p.m.: Networking Lunch
- 1:30 p.m.-2:15 p.m.: Attendees Split into PT Track, PTA Track or Residency Track
  - **PT Track:** Developing Acute Care Specific Clinical Curricula to foster Entry-Level Competence for Critical Care Fellowships
  - **PTA Track:** The individual PTA student in acute care clinical education.
  - **Residency Track:** Defining the Educational Objectives and Benchmarks for Residency and Postgraduate fellowships
- 2:15 pm.-2:30 p.m.: Break
- 2:30 p.m.-3:45 p.m.: Attendees Split into PT Track, PTA Track or Residency Track
  - **DPT Case Study:** Defining Progress to Entry-level of Acute Care Clinical Education Using the CPI Markers
  - **PTA Case Study:** Defining Progress to Entry-level of Acute Care Clinical Education Using the CPI Markers
  - **Residency Track:** Developing a Residency Curriculum
- 4:00 p.m.-5:00 p.m.: Entire Workshop Attendees Lecture: Meeting the Needs of 21st Century Acute Care Education

**Sunday, May 20, 2018**
- 8:00 a.m.-8:30 a.m.: Breakfast
- 8:30 a.m.-10:00 a.m.: All Workshop Attendees: Legal Issues and Risk Management in the Clinic.
- 10:00 a.m.-10:15 a.m.: Break
- 10:15 a.m.-11:15 a.m.: All Workshop Attendees: Forum Bridging the Gap: PT/PTA Teams
- 11:15 a.m.-11:30 a.m.: Break
- 11:30 a.m.-12:45 p.m.: All Workshop Attendees: Forum Bridging the Gap Between Academic and Clinical Acute Care Educators

Register: [www.acutept.org/bridgethegap](http://www.acutept.org/bridgethegap)
Friday, May 18, 2018

1:00 p.m.-2:00 p.m.  Registration

2:00 p.m.-3:30 p.m.  Welcome and Introduction: How to Bridge the Gap and Advance Acute Care Education Through Fostering Acute Care Culture in Your Curriculum

3:30 p.m.-3:45 p.m.  Break

3:45 p.m.-5:00 p.m.  Keynote: Why We Matter and What Are We Going To Do About It? – Babette Sanders, PT, DPT, MS, FAPTA
                       Introduction by Sharon Gorman, PT, DPTSc, FNAP, GCS

Acute care physical therapy is an integral component of the delivery of care in the acute care setting. As physical therapists and physical therapist assistants, we impact a patient during some of their most vulnerable times. We contribute to early mobilization, maintenance and progression of mobility during hospitalization and facilitate safe and efficient transitions to the next level of care, along with promoting healthy behaviors fostering an optimal outcome. How can we maximize our resources, both academic and clinical, to ensure that the practitioners of the future are capable of meeting these demands, and are passionate about what they do?

5:00 p.m.-7:00 p.m.  Wine and Cheese | Poster Reception
                       An opportunity to network, mingle and learn from each other’s creative research projects and unique educational models being explored to enhance acute care academic and clinical education.

Call for Poster Abstracts

The Academy of Acute Care Physical Therapy is excited to announce a call for poster abstracts focused on current educational research or novel models of educational or clinical education practice related to teaching and learning in acute care physical therapy.

All abstracts must be submitted electronically by Midnight (CST) on Dec. 1, 2017. A fee of $30 is required and can be paid via credit card when you complete your submission.

SUBMIT YOUR ABSTRACT
Saturday, May 19, 2018

7:30 a.m.-8:15 a.m.  Breakfast

8:15 a.m.-10:15 a.m.  All Workshop Attendees: Teaching Strategies to Enhance Acute Care Clinical Reasoning Across the Continuum

This presentation explores current acute care teaching strategies, both in the classroom and the clinic. Participants will navigate through teaching and assessment methods to enhance clinical reasoning specific to acute care practice based on educational theory and research. Instructors will share their experiences using concept mapping, simulation, online reflection and problem based learning, providing the participant with options that can be readily incorporated into a developing or existing curriculum or clinical experiences. Participants will be presented with practical strategies and examples on how to integrate these into their acute care teaching with additional materials and resources to assist with future implementation.

10:15 a.m.-10:30 a.m.  Break

10:30-11:30 a.m.  Attendees Split into DPT or PTA Track Roundtables

DPT Track Lecture: Examining Entry Level Competencies in Acute Care Education Using PT Entry Level Documents

This presentation will first review the Core competencies for Entry Level practice five domains: clinical decision-making, communication, safety, patient management and discharge planning After this review, participants will audit their own curriculum by completing a self-assessment questionnaire of how and when they teach each of the domains in their academic or clinical curriculum.

PTA Track Lecture: Examining Entry Level Competencies in Acute Care Education Using PTA Entry Level Documents

The Academy of Acute Care Physical Therapy introduced the entry level criteria for physical therapists in 2015 and now has introduced the entry level skills for physical therapist assistants The document and this session address how to apply the PTA document to the classroom. These competencies are expected upon graduation, and without any additional training required post-graduation. As the level of services provided by the PTA in acute care has increased, PTA programs need to assess curricula for necessary adjustments.

11:30 a.m.-12:30 p.m.  Breakout Session | Working Groups

Option 1: Working Session: Develop a Plan for Integrating at Least One New Method of Delivering Acute Care Content from the Earlier Presentation into Your Program (Academic Curriculum or Clinical Program)

Following the morning’s earlier presentation on educational theories and pedagogical approaches to incorporating strategies into your acute care educational programs, this working session will allow participants to apply newly gained knowledge and information into their specific programs. Facilitators will assist participants in small groups.
Saturday, May 19, 2018

11:30 a.m.-12:30 p.m. Breakout Session | Working Groups cont.
Option 2: How to Enhance Your Program Outcomes in Relation to CAPTE Criteria
Explore ideas for program outcomes, including measurement methods, in support of CAPTE’s elements for accreditation, standards including devising methods for curriculum mapping, crafting course and program learning outcomes, identifying faculty development needs/opportunities, and exploring clinical education metrics.

Option 3: The Unique Challenge for the Small Faculty in PTA Programs
Acute care physical therapy involves diverse illnesses, injuries and pathologies that require complex interventions. The small faculty that is typical in physical therapist assistant education programs can prove challenging when those faculty have limited expertise with acute care physical therapy. Participants in this session will develop strategies for managing those teaching needs.

12:30 p.m.-1:30 p.m. Networking Lunch
Enjoy lunch in small groups while discussing hot topics in acute care education and practice.

1:30 p.m.-2:15 p.m. Split into Tracks: PT, PTA or Residency
PT Track: Developing Acute Care Specific Clinical Curricula to Foster Entry-Level Competence
In 2016, the AACPT released the “The Core Competencies for Entry-level Practice in Acute Care Physical Therapy” (TCCEPACPT) that serves as a guiding document defining the unique and overlapping skills required for an entry-level clinician to be independent, safe, and effective on day one of practice. In this session, PT clinical educators will examine the TCCEPACPT together and share ideas for acute care clinical curriculum content and objectives based on this document.

PTA Track: The Individual PTA Student in Acute Care Clinical Education
Explore ideas for program outcomes, including measurement methods, in support of CAPTE’s elements for accreditation, standards including devising methods for curriculum mapping, crafting course and program learning outcomes, identifying faculty development needs/opportunities, and exploring clinical education metrics.

Residency Track: Defining the Educational Objectives and Benchmarks for Residency and Critical Care Fellowships
This session will explore the purpose and process for establishing an acute care residency or specialty fellowship program, including the benefits of residency education to the institution, to acute care physical therapy clinical practice, and to the development of the resident/fellow. The components of a residency or fellowship program will be reviewed including development of curriculum and of clinical preceptors, and the ABPTRFE credentialing process. Participants will also learn about the challenges associated with establishing a credentialed residency or fellowship educational program.

2:15 p.m.-2:30 p.m. Break
A Focus on Best Practice in Acute Care Education

Saturday, May 19, 2018

2:30 p.m.-3:45 p.m. Attendees Split into PT Track, PTA Track or Residency Track

DPT Case Study: Defining Progress to Entry-level of Acute Care Clinical Education Using the CPI Markers
The Clinical Performance Instrument (CPI) is the most common tool used to measure student clinical education outcomes. The CPI requires both the student and the clinical instructor to provide narrative reports of the student’s performance on multiple physical therapy practice criteria (both skills and behaviors) and to evaluate each area in terms of 5 dimensions of performance (quality of care, supervision/guidance required, consistency of performance, complexity of tasks/patients/environment, and efficiency). The student and the instructor then rank the student’s performance on a continuum from novice to beyond entry-level. In 2016, the AACPT released the “The Core Competencies for Entry-level Practice in Acute Care Physical Therapy” (TCCEPACPT) that clarifies and defines entry-level performance for the acute care setting. In this session, PT clinical educators will utilize these documents to critically assess and discuss management strategies for students across the continuum of learning.

PTA Case Study: Defining Progress to Entry-level of Acute Care Clinical Education Using the CPI Markers
The Clinical Performance Instrument (CPI) is the most common tool used to measure student clinical education outcomes. The CPI requires both the student and the clinical instructor to provide narrative reports of the student’s performance on multiple physical therapy practice criteria (both skills and behaviors) and to evaluate each area in terms of 5 dimensions of performance (quality of care, supervision/guidance required, consistency of performance, complexity of tasks/patients/environment, and efficiency). The student and the instructor then rank the student’s performance on a continuum from novice to beyond entry-level. In 2017, the AACPT released the “The Core Competencies for Entry-level Physical Therapist Assistants in Acute Care Physical Therapy” that clarifies and defines entry-level performance for the assistant in the acute care setting. In this session, PTA clinical educators will utilize these documents to critically assess and discuss management strategies for students across the continuum of learning.

Residency Track: Developing a Residency Curriculum
This session will examine key considerations in development of a residency curriculum with emphasis on institutional self-assessment, application of definition of acute care specialty practice, and development of faculty mentors.

4:00 p.m.-5:00 p.m. Entire Workshop Attendees Lecture: Meeting the Needs of 21st Century Acute Care Education
The acute care environment involves urgent and emergent episodes of illness and injury that require time-sensitive diagnostic and curative services provided in consultation and collaboration with diverse members of the interprofessional healthcare team. Accurate and efficient clinical reasoning, communication and teamwork are essential to success in this environment and educators are tasked to design learning activities that prepare students for competent clinical performance.

5:00 p.m. End of Day | Dinner on Own

Register: www.acutept.org/bridgethegap
8:00 a.m.-8:30 a.m. Breakfast

8:30 a.m.-10:00 a.m. All Workshop Attendees: Legal Issues and Risk Management in the Clinic
The practice of physical therapy in the acute environment, similar to other areas of healthcare, is governed by a complex system of laws and regulations that impact delivery, reimbursement and finance. The goals of this presentation are to highlight key legal issues in acute care physical therapy, including but not limited to, Medicare guidelines, supervision of students and residents, liability protection, ethics in basic research including Nuremberg & Helsinki codes, evaluation of child & elder abuse, occupational health and safety regulations, and advanced directives and end of life care.

10:00 a.m.-10:15 a.m. Break

10:15 a.m.-11:15 a.m. All Workshop Attendees Forum Bridging the Gap: PT/PTA Teams
This presentation presents strategies for bringing PT and PTA students together to learn about and practice teamwork within the PT/PTA team, as the process of direction and supervision in acute care physical therapy is unique based on patient client criticality, acuity, stability, and complexity, and the predictability of the consequences. Participants will develop and brainstorm strategies for bridging the PT-PTA relationship in acute care. The new CAPTE elements for accreditation, for both PT and PTA programs, require assessing and creating objectives for a level of interaction. Strategies need to be developed at the educational level as well as in the acute care setting.

11:15 a.m.-11:30 a.m. Break

11:30-12:45 p.m. All Workshop Attendees Forum Bridging the Gap Between Academic and Clinical Acute Care Educators
The APTA’s Best Practice for Physical Therapist Clinical Education Task Force reported in 2017 that “current clinical education models are not sustainable, suboptimal, and not designed to produce practitioners required by the health care system of the future, nor will they help the profession achieve our vision.” Those problems are most severe in acute care physical therapy and in this session participants will explore strategies to bridge the gap between clinician and academician expectations and capacity for clinical education.

12:45 p.m.-1:00 p.m. Final Remarks

1:00 p.m. Adjourn
A Focus on Best Practice in Acute Care Education

# Conference Registration

## Registration Rates

<table>
<thead>
<tr>
<th>Registration Type</th>
<th>Early Bird¹ By March 9, 2018</th>
<th>Regular² After March 9, 2018</th>
</tr>
</thead>
<tbody>
<tr>
<td>Academy of Acute Care Physical Therapy Member</td>
<td>$395</td>
<td>$445</td>
</tr>
<tr>
<td>Non-Member³</td>
<td>$495</td>
<td>$545</td>
</tr>
</tbody>
</table>

¹ All registrations must be received by 11:59 p.m. Eastern on March 9, 2018, to take advantage of the discounted Early Bird rate.
² All registrations received AFTER March 9, 2018, are eligible for the Regular rate.
³ Academy of Acute Care Physical Therapy (AACPT) non-members can join the Academy by contacting APTA Member Services at 1-800-999-2783 x 3395 to receive the discounted member rate. Please note that it might take up to one (1) week to activate Academy membership to receive the discounted rate.

Registration for “Bridging the Acute Care Gap: Advancing Acute Care Physical Therapy Education and Educators” can be completed on the Academy of Acute Care Physical Therapy (AACPT) website. Credit cards (Visa, MasterCard, Discover and American Express) and checks are accepted as payment. No paper registrations will be accepted.

Register at:

www.acutept.org/BridgeTheGap

---

### Registration Cancellation Policy

All registration cancellations and refund requests must be made in writing by April 6, 2018. A refund of the full conference fee, minus a $75 administrative fee, will be given for cancellations received by that date. **No refunds will be granted for requests received on or after April 6, 2018.** Submit all requests to Helena Woolslayer at hwoolslayer@cmemanage.com. AACPT regrets that refunds will not be given for no-shows. Refunds will not be processed until after the conference.

**Substitutions**

You may substitute registrants (from the same institution) prior to the conference. Please contact the AACPT Office at 412-727-1736 x111 for assistance. AACPT does not accept responsibility for no shows at the conference.

---

### Emergency Illness or Death of Registrant or Immediate Family Member

Registrants who are unable to attend Bridging the Acute Care Gap: Advancing Acute Care Physical Therapy Education & Educators because of a serious illness or death may receive a partial refund (amount paid minus the $55 processing fee) or full credit for a future meeting (as applicable) in the following instances:

- Personal illness or death of the attendee; or
- Illness or death in the immediate family of the attendee. Immediate family refers to a person’s parents, spouse, children, and siblings and will also include the parent’s spouse.

Requestors must submit the request in writing to the AACPT Office along with written documentation from a doctor. The Executive Director and AACPT President will review the request to ensure it is in accordance with written policy.
Housing Information

The Academy of Acute Care Physical Therapy is working to secure two housing options for this conference. Please check back to the Bridge the Gap webpage for more information coming soon.
