Where Olympic Journeys Begin

March 6, 2017

Scott Blackmun, CEO
United States Olympic Committee
One Olympic Plaza
Colorado Springs, CO 80909

Dear Scott,

As you are aware, the American Canoe Association ("ACA") is in the process for applying with the United States Olympic Committee ("USOC") to become the new National Governing Body ("NGB") for canoe and kayak sports in the United States. In writing this letter, I just wanted you inform you that the USA Canoe/Kayak ("USACK") Board has been meeting regularly over the past few months, and the Board has been regularly communicating with the ACA regarding the future of the NGB for canoe and kayak sports and the proposed bylaws and application of ACA to become the NGB.

As such, I wanted to let you know that the USA Canoe/Kayak's Board has passed the following resolution in support of ACA's NGB application:

Resolution of board: Be it resolved that the USACK Board approves ACA applying for NGB status for Sprint, Slalom, and Paracanoe to the United States Olympic Committee's Board of Directors.

If you have any questions, please do not hesitate to contact me directly.

Best Regards,

A handwritten signature in blue ink, appearing to read "Adam Van Grack".

Adam Van Grack
Chair of the Board of Directors
USA Canoe/Kayak

cc: Wade Blackwood, CEO
