**CINCINNATI STATE TECHNICAL COLLEGE CHAMPIONS  
INFORMATION TECHNOLOGY BDPA CINCINNATI PROGRAMS**

LARGO, MD – Cincinnati State Technical College champions BDPA Cincinnati to fulfill its mission to deliver Information Technology (IT) programs within the global technology industry for the next generation of IT leadership. BDPA is the largest African American Information Technology Association (IT) in the country and has over 40 chapters across the United States.

Cincinnati State Technical College offers more than 130 associate degrees and certificates in nursing and healthcare, engineering technologies, culinary arts, business and information technologies, environmental technologies, humanities and sciences, and a wide range of specialized areas ([www.cincinnatiastate.edu](http://www.cincinnatiastate.edu)).

"We at Cincinnati State are thrilled to help with the technical skill development of Cincinnati Metro area high school and college students. We continue to see students exposed to BDPA Outreach training, then progress and become highly productive members of the local community and society. We enthusiastically embrace the BDPA Motto of "Advancing Careers from The Classroom to The Boardroom," reported Frank Hill, Cincinnati State Adjunct Professor.

Karen Lipscomb, BDPA Cincinnati Chapter VP of Member Services said, "Cincinnati State Technical College has been a staunch champion of BDPA for a number of years, contributing to the chapter financially as well as through the gift of people and equipment resources. We look forward to a continuing relationship in which, through this partnership, we develop and retain IT talent for the greater Cincinnati area."

For more details on the BDPA corporate sponsorship program, contact the corporate sales support team at (301) 584-3135 ext. 108 or [corpsales@bdpa.org](mailto:corpsales@bdpa.org). Additionally, please visit [www.bdpa.org](http://www.bdpa.org).
