RCPSG, MOC SECTION 1

1st National Neuropathic Pain Day

Assessing and Treating Neuropathic Pain: Strategies for Healthcare Providers

SATURDAY DECEMBER 2, 2017 | TORONTO WESTERN HOSPITAL, TORONTO, ON

WHO SHOULD ATTEND

- Pain and Family physicians
- Physicians who care for patients in pain
- Fellows and Residents
- Medical Students
- Nurses, Psychologists, Physical Therapists
- Pharmacists

Planning Committee: Dr. Anuj Bhatia, Dr. Ian Gilron, and Dr. Dwight Moulin

The objectives of this course are to understand the challenges of neuropathic pain at a population level, and to disseminate knowledge on assessment and treatment of neuropathic pain. Evidence and selection of treatments for neuropathic pain will be discussed.

Venue: Auditorium (West Wing, 2nd Floor), Toronto Western Hospital, 399 Bathurst Street, Toronto ON M5T 2S8

Course Fee (Includes lectures, downloads of presentations, lunch and refreshments): \$400
(\$200 for residents, fellows, researchers in-training, or medical students. Proof of training required)

Participation limited to 100 attendees

Register at: <http://www.usra.ca/meetings/neuro.php>
