The Aqua Turf Club
Plantsville, CT

Every year, the

Connecticut Public Health Association (CPHA) hosts the state's leading public health event at the CPHA Annual Meeting and Conference.

Join more than 300 public health practitioners from around CT for an exciting day full of learning and professional development!

Welcome Address By US Senator Chris Murphy

Chris Murphy, the junior US Senator for CT, has dedicated his career to public service as an advocate for CT families. Senator Murphy has been a strong voice in the Senate fighting for job creation, affordable health care, education, sensible gun laws, and a forward-looking foreign

policy. As a member of the Health, Education, Labor and Pensions Committee (HELP) Senator Murphy has worked to make college more affordable and ensure that our public education system works to serve all students. Senator Murphy also led a bipartisan effort to reform our mental health system, working across the aisle to craft the first comprehensive mental health bill in the Senate in decades. Sen. Murphy will deliver his welcome message by way of video.

Conference Objectives

1. Understand how public health policies and programs influence health disparities throughout life for patients and populations.
2. Identify evidence-based strategies that can reduce health disparities and improve community health outcomes
3. Influence health policies in state and country through disparities research and dissemination of evidence
4. Promote the formation of collegial professional networks and the exchange of ideas among members of the public health community

Morning Keynote Speaker

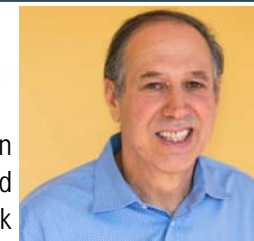

Senator Doug McCrory
*Democratic Deputy President
Pro Tempore*

Sen. Doug McCrory was elected with the continued promise of continued accountability and accessibility as the State Senator for the 2nd Senate district in a special election in February, 2017 to represent parts of Bloomfield, Hartford and Windsor. He was first elected to the General Assembly in 2004 to represent the 7th House district, which he served for six full terms. Even before his service as a legislator, Senator McCrory has been committed to strengthening neighborhoods through education, development and civic engagement. He is currently chair of the CT Aging Committee, Vice Chair of the Banking Comm. and Comm. on Children, and is a member of the Finance, Revenue, and Bonding Comm. and the Joint Comm. on Judiciary.

Afternoon Keynote Speaker

Mark Masselli
*President of Community
Health Center, Inc.*

Along with a group of Wesleyan University students and community activists, Mark Masselli founded CHC as a Free Clinic in 1972 and worked with the National Free Clinic Council based in San Francisco in promoting the development of free clinics across America. Like most free clinics of its time, CHC's early days saw limited public support, as community-organized health services were strongly opposed by the medical community and received little in the way of governmental support. With a personal commitment that healthcare is a right and not a privilege, Mark built a network of CHC sites that met the highest standard in both care and environment, to respect the dignity of those they serve.
