1 All firms inspect materials, identify radionuclides, deal with leaking sources and associated contamination, provide packaging, contract for manufacturer's acceptance or waste processing and disposal as applicable, arrange transport and disposal permits, and report material transfer. Additional firms that specialize in NORM scale are on www.crcpd.org 'Free Documents,' 'Commercial Services,' see 'Radioactive Site Investigation and Decontamination Services.' Energy Solutions has a program for rental of radiation meters and other instruments. <http://www.shopping.netsuite.com/Instrumentation>

2 A firm is listed here if it has staff and equipment to provide the services, described in footnote 1 and columns, to the general public in multiple states and has good reputation among radiation control authorities.

3 Principal region served: North-East = north of Virginia, East = east of Mississippi River, Mid-west = from Rocky Mt. to Appalachians, West = west of great plains.
