

EPS Grant for Regional Physical Society Meetings

In order to promote regional cooperation in physics, the EPS is willing to consider financing activities that fall outside the existing grant schemes. These grants should not normally be used to finance events that have been (or would be) disqualified from other granting schemes.

Conditions for participation

- These grants are available to Member Societies and regional societies for special physics activities with an international scope, which could include physics competitions, seminars, exhibitions, etc. - At least 3 EPS Member Societies should be among the organizers and /or participants.
- The grants are for Physics related events with an international dimension.
- EPS participation is necessary.

Selection procedure and criteria

- Where another grant scheme is available, the applicant must use that scheme.
- Projects are to be described on maximum 4 A4 pages, and include the name, place and date of the event, the purpose of the event, the expected participation, as well as a preliminary budget.

Time Period

Applications are open throughout the year.

How to Apply

Applications should be sent to :
EPS Secretariat
6 rue des Frères Lumière
F-68200 Mulhouse
or by email: s.loskill@eps.org
