Join like-minded patriots who love God's Word, and together, master the "lessons of liberty" so you can be used of God to help bring every aspect of culture "captive to the obedience of Christ."

**First as individuals, then as a nation we become free.**

Dr. Max Lyons

### **Free Men and Free Markets**

Are you concerned about the economic direction our country is headed in? Do you want to understand our free market system? The course will explore the Biblical principles that underlie our system of free market economics. The course is suitable for high school students and older. Homeschool parents are urged to consider this course for high school students enrolled in government and economics.

October 6, 13, 20 and November 3 and 10, 6:30-8:30 p.m. (Fee applies\*)

Dr. Mark Beliles

### **Doubting Thomas? The Religious Life and Legacy of Thomas Jefferson**

Dr. Beliles will present research from his recently published book, drawing on over 1,000 letters and papers of Jefferson that touch on religion. These documents reveal a new and surprising view of Jefferson's attitudes to Christianity and church/state policies that should modify some of the prevailing views of the third president. *Thursday, October 30, 6:30-8:30 p.m. (FREE lecture)*

Dr. Jerry Newcombe

### **The Book That Made America**

Dr. Jerry Newcombe will trace prominent examples of how the Scriptures helped shape some key aspects of our freedom in this country, including the Pilgrims, the settling of British North America in the 17th and 18th centuries, and the founding era. More information on Jerry and his books can be seen at [JerryNewcombe.com](http://JerryNewcombe.com). *Monday, November 17, 6:30-8:30 p.m. (FREE lecture, online only)*

Jim Wallis

### **We Want a King, Our Fatal Choice**

Can we make a case in the 21st Century for the Hebrew Republic as a model for modern political structures? To do so, we have to answer the strawmen of "theocracy", separation of church and state, American exceptionalism, capitalism and many other easy targets that prevent individuals, communities and nations from benefiting from the blessings of covenant with a loving God. *Monday, December 1, 6:30-8:30 p.m. (FREE lecture)*
