

FLORIDA PSYCHIATRIC SOCIETY

50 Minute Club

*Legislative Advocacy and Education
Related to Psychiatry Issues*

The **50-Minute Club** gives psychiatry a voice in Florida. It is an advocacy and education fund rather than a political action fund. Access to legislators makes a big difference in preserving the integrity of the practice of psychiatry in Florida. The **50-Minute Club** helps provide that access. Our lobbyists are advocating on our behalf, speaking to legislators as they work on bills that will impact your practice and your patients.

Difficult times in Tallahassee seem to be becoming more the rule than the exception. It's times like this when our voices need to be heard. Your support allows the Florida Psychiatric Society to take care of the issues that are important to all of us.

Give an hour for your profession!

Commit to contributing the dollar equivalent of 1 hour of your time each year to the **50-minute club** to help preserve the integrity of the practice of psychiatry in Florida.

Help strengthen psychiatry in Florida and to preserve our medical specialty from those who would attempt to use their similar-sounding credentials to create the benefits of medical education and training for themselves by legislation. We can no longer count on our dues alone, to adequately support our advocacy on the unique legislative issues impacting psychiatry in Florida.

Contribute today to the **50-minute club** and help make a difference so that we can continue to win legislative battles.
