

Forensic Nursing - Excellence

Alisha Blazevic

Duluth, Minnesota

Work Setting: Lead SANE at PAVSA

Alisha has been with PAVSA since 2007 and has done over 350 SANE exams! She is extremely dedicated and not only is available as a resource basically 24/7 she is key in making the program successful. She continuously educates staff in the ERs we work in about sexual assault and SANE services. She provides visionary leadership to the program and works to constantly improve it. SANE is her second job! Without Alisha I am certain I wouldn't be as good of a SANE as I am and I am certain SA victims in our area wouldn't get the services they deserve.
