VALUES HISTORY FORM

The Values History Form was developed at the Institute of Public Law, University of New Mexico School of Law. The form is not a legal document, although it may be used to supplement a Living Will, a Durable Power of Attorney for Health Care, or an Advance Directive for Health Care, if you have these. The Values History provides a way for people to discuss and document their wishes and preferences so that surrogate decision making, if it should become necessary, will reflect an individual's desires. The Values History Form is not copyrighted, and you are encouraged to make additional copies for friends and relatives to use.

It is important that your medical treatment be your choice.

The purpose of this form is to assist you in thinking about and writing down what is important to you about your health. If you should at some time become unable to make health care decisions, this form may help others make a decision for you in accordance with your values.

The first section of this form provides an opportunity for you to discuss your values, wishes, and preferences in a number of different areas such as your personal relationships, your overall attitude toward life, and your thoughts about illness.

The second section of this form provides a space for indicating whether you have completed an Advance Directive, e.g., a Living Will, Durable Power of Attorney for Health Care Decisions or Advance Directive for Health Care, and where these documents may be found.

This form is not copyrighted; you may make as many copies as you wish. Developed by the Center for Health Law and Ethics, Institute of Public Law, University of New Mexico School of Law, 1117 Stanford NE, Albuquerque, New Mexico 87131.
