This information sheet is provided as a courtesy to aid you in getting from the Cleveland Hopkins International Airport ([http://www.clevelandairport.com](http://www.clevelandairport.com)), located on the west side of Cleveland, to either the InterContinental Hotel Conference Center or the InterContinental Suites Hotel, located on the east side of Cleveland.

The InterContinental Hotels does not provide airport shuttle service, but there are several other ground transportation options. If you are arriving by Amtrak Train or bus, taxis are recommended.

**Taxi**

A convenient way to get from the airport to either of the hotels is to take a taxi (about 30 minutes and US$35) from the airport to the hotel. The taxi stand is just outside the terminal beyond baggage carousel # 11. *(See [http://www.clevelandairport.com/site/521/default.aspx](http://www.clevelandairport.com/site/521/default.aspx) for more details.)*

**Public Transportation**

Cleveland is fortunate to have a public transportation system (RTA [http://www.riderta.com/](http://www.riderta.com/)) that easily, directly, and conveniently serves both the airport and the surrounding areas including the university circle area. To get to either of the hotels, you can take the “Rapid” (the Red Line known as ‘66X’ [http://www.riderta.com/pdf/66X.pdf](http://www.riderta.com/pdf/66X.pdf)) located just below the baggage claim area inside the airport to the University/Cedar station stop (aka University Circle) *(Do not disembark at the East 34th Campus stop.)*

From the university stop it is only a 20 minute leisurely walk to the hotel. The 40 minute train trip costs US$1.75. *(Change machines are available at the airport by the ticket kiosk. See page 2 for maps and directions)*

**Private Shuttle**

Shuttles can provide personalized service and can be reserved in advance. *(See [http://www.clevelandairport.com/site/520/default.aspx](http://www.clevelandairport.com/site/520/default.aspx) for a list of shuttles.)*
Walking from Rapid Stop to the Conference Center

Walking from the University Circle station to the hotel is direct. However, this station is located at the confluence of several busy intersections. The following instructions and maps are provided to guide you.

1) When you get off the train at the station, walk towards the east exit. 
   *(The train will be traveling east so, you will walk in the same direction as the train).*
2) Take the east-side stairs down to the subterranean passageway. 
   *(A small elevator to the same passageway is available beyond and behind the stairs.)*
3) Walk through the passageway and, keeping the ticket booth on your left, exit the station. Use the exit in front of you instead of the one on your left that leads to a set of stairs going up.
4) At the street, **turn right** and follow the sidewalk to pass under the Rapid Line Railroad bridge.
5) Use the maps below to get to the hotel. The arrows indicate the recommended sides of the street to walk on in order to navigate through the intersections around the Rapid Station.

---

The City of Cleveland, the Cleveland Clinic, Case Western Reserve University, and University Circle all provide various security forces in and around the area. However, as with any urban area, care should be taken if traveling on foot at night.

Since some intersections can be busy, exercise caution at all street crossings.
