Author Rights and Limitations (you must initial this section on page 2 where indicated)

You may use the final PDF of your article for teaching purposes by providing printed handouts to students or to attendees of your lectures at conferences or along with your poster presentations at professional meetings and for LIMITED distribution to individual colleagues through e-mail.

However, you may NOT engage in the following activities:

1. You may NOT submit this manuscript or a modified or “updated” version to another publication and you may NOT submit this manuscript for publication as a chapter in a book or any other type of

publication whether physically reproduced or electronic. If you wish to reuse your material from this article, you must contact J. Michael Ryan Publishing, Inc., to request written permission. Permission is usually granted to authors for the reuse of their own material, however, we require the publisher that is reproducing the work to print a proper credit line, which we will supply.

2. You may NOT grant reprint permission for any part of your published article. If you receive requests for permission to reproduce text, figures, or tables from your published article, you must refer them to J. Michael Ryan Publishing, Inc., or refer the requestor to seek copyright permission from the Copyright Clearance Center (www.copyright.com).

3. You may NOT post your article's PDF, its preprint (uncorrected proofs), or its manuscript on any online site, including but not limited to an institutional repository, your personal web site, or any social media web site.*

_____ (your initials required), I have read and agree to the above Rights and Limitations.

* Your article will appear on the journal's official site www.ingentaconnect.com/content/jmrp/jdms. Additionally, J. Michael Ryan Publishing, Inc., will submit your article to the full-text databases that are provided to libraries by EBSCOhost, ProQuest, and Gale Cengage Learning. Your article will also be listed in PubMed, Index Medicus, and MEDLINE as well as several other important academic indexes.
