What does “home” mean to you?  
Contest Instructions and Rules

Being involved in home care and hospice, members of Indiana Association for Home & Hospice Care (IAHHC) are welcomed into different homes each and every day. Through these experiences they have learned that “home” has different meanings. This concept has inspired the What does “home” mean to you? contest. We want to know what makes your home special and what it symbolizes to you. So please, tell us your meaning behind the word home!

Four Ways to Enter:
1. Essay Contest: The essay contest consists of a one to two page (double spaced) document that expresses with words what home means to you.
2. Video Contest: The video contest may be a video of you expressing your story of what home means to you, or you may put together a short movie of what home means. We ask that you keep the video to five minutes maximum. This option has a lot of opportunity for creativity.
3. Photo Contest: For this you have two options: submit an 8X10 photo or a collage of photos, 8X10 in size. In addition to the photo, we are asking for a short caption explaining why the photos are significant.
4. Drawing Contest: The drawing contest has been designed for children in third grade or younger. We are looking for them to draw a picture of what home looks like through their eyes. It is our intention for kids to reflect on the importance of home.

Example Topics: Homes is...
