

Client focus. Custom coverage. Industry specialization.

Why Do You Need Professional Liability Insurance?

Unfortunately, we live in a litigious society, and a client – past, present or future – could file a claim. Even if the allegations are groundless, without proper coverage, the cost of a claim could be significant in terms of time, legal defense and reputation. Professional liability insurance is a necessary investment that protects your interests in the event of a claim.

Who is Aon?

The family of companies that comprise Aon Corporation makes it the global leader in risk management, insurance and reinsurance brokerage, and human resources solutions and outsourcing services.

- #1 global reinsurance broker
- #1 global manager of captive insurance companies
- 66,000 colleagues in more than 500 offices worldwide

How Can We Help?

Aon provides dynamic risk strategies

- Our teams apply industry knowledge, product expertise and market intelligence to identify business issues and create customized solutions.

Aon delivers value through strategic account management

- We join forces with our clients to understand their business and provide solutions through a single point of contact.
- We search the market for you to find the most suitable combination of coverage terms and price for your level of risk and exposure to professional liability claims.
