October 10, 2017

We are seeking nominations for the 2018 IPMI Premier Industry Awards!

These three (3) Awards will be presented during the 42nd Annual International Conference to be held June 9-12, 2018 at the JW Marriott Hill Country Resort in San Antonio, TX.

The first award is the **IPMI Jun-ichiro Tanaka Distinguished Achievement Award**. It recognizes career contributions to the advancement of the precious metals industry, be it technological, economic or management. The award includes a \$5,000 prize & complementary registration at our Int'l Conference.

The second award is the **IPMI Henry J. Albert Award, sponsored by BASF Corporation**. It recognizes outstanding theoretical, experimental or engineering contributions to the science and technology of precious metals. The award includes a \$5,000 prize & complementary registration at our Int'l Conference.

The third award is the **IPMI Carol Tyler Award**. It recognizes the achievement of a woman in the precious metals industry, precious metals academia or graduate student in precious metals research.

Please go to the IPMI website, <http://ipmi.org/awards/index.cfm> for short videos describing our awards & scholarships as well as for lists of past award recipients.

Send a letter of nomination along with curriculum vitae, if appropriate, a list of contributions and achievements and any other supporting documentation by email to: mail@ipmi.org Please put **"Premiere Award Nomination"** in the subject line on the email.

Or, you may submit nominations in writing to:
International Precious Metals Institute (IPMI)
5101 North 12th Ave., Suite C,
Pensacola, FL 32504

Your nominations should be mailed no later than **January 31, 2018**.

Prof. Dr. Robert Ianniello
Chair / IPMI® Awards Committee

IPMI™ is an international association of producers, refiners, fabricators, scientist, users, financial institutions, merchants, private and public sector groups, and the general precious metals community formed to: (1) provide a forum for the exchange of information and technology; (2) seek and promote the efficient and environmentally sound use, reuse, and recycling of precious metals from both primary and secondary sources; (3) conduct educational meetings and courses; (4) serve as a primary resource for information for the public, industry and government agencies worldwide and (5) recognize excellence and achievement through awards to individuals and educational institutions. IPMI™ and the IPMI™ seal logo are trademarks of the International Precious Metals Institute
