Dear Mr. Adams,

Attached is the District of Columbia International Registration Plan Fee Schedule. The schedule currently in effect included a note that was intended for internal use only. Consequently, there is no change in registration or prorated fees. This correspondence is to notify all member jurisdictions to remove the note from their fee calculation for the District if applicable. All District fees are to be calculated as indicated within the schedule. The elimination of the note is effective May 1, 2012. Please forward the Fee Schedule to all IRP member jurisdictions.

In addition, jurisdictions may contact me, or Michael C. Williams at 202.729.7079, for clarification/further information.

Sincerely,

Elaine M. Speller, MSgt (USAF Ret.)
